

YOUR ITINERARY

Embark on a breathtaking adventure that will transport you into the heart of nature's grandest spectacle! Welcome to Kenya, a land where the earth rumbles with the majestic thunder of a million hooves, where life pulses in perfect harmony with the rhythm of the wild. Prepare to witness the awe-inspiring Great Migration, a magnificent natural phenomenon that will ignite your senses and leave an indelible imprint on your soul. Join us on an unforgettable journey through the enchanting landscapes of Kenya, where endless wonders and thrilling encounters await at every turn. Welcome to the front-row seat of nature's greatest show!

Day 1: Fly on your own to Nairobi, Africa. Call our office if you need assistance with flights!

Day 2: Arrive in Nairobi. Take shuttle to airport hotel.

Day 3: Enjoy a free day to rest at the hotel. We want everyone to be able to fully enjoy the experience! If you are feeling adventurous, explore Nairobi or the surrounding area.

Day 4: An early morning start and drive to Amboseli National Park. Check-in at accommodation and lunch. Afternoon game drive.

Day 5: Rising early for good views of Mount Kilimanjaro before clouds build up over the summit with packed lunch provided. Despite its changing habitat, Amboseli National Park is possibly the best wildlife area in the whole of Africa to experience elephants at close range. Left unharassed by poachers, elephants feeding and bathing in the swamps must form the highlights of any safari.

Day 6: An early morning drive to Lake Naivasha, it is the highest and the most beautiful of the Rift Valley lakes. At 1910m (6200ft), the water is fresh and the lake is fringed with dense clumps of papyrus (ancient Egyptian once used this to make paper). There are no crocodiles in the lake as the water is too cold for them, due to altitude but there are a number of hippos.

Day 7: Drive to Lake Nakuru National Park. Known all over the world for its flamingoes, it's alkaline and is recognized as being one of the natural wonders of the world. Lake Nakuru is now a rhino sanctuary, harbouring a population of over 40 black and over 60 white rhinos, but the flamingoes, of course, have always been the main attraction. At times there may be almost 2 million flamingoes in the residence, forming a stunningly beautiful deep pink band around the edge of the lakeshore. Arrive in time for lunch then have an afternoon game drive.

Day 8: Depart to Maasai Mara National Reserve, it holds on as one of the few places left on earth where wildlife still lives comparatively undisturbed, in the numbers that once roamed the plains and forests of Africa. As the northern tip of the vast Serengeti ecosystem, the Mara hosts the spectacular seasonal migration of many thousands of Wildebeest, Zebras and attendant predators.

Day 9: The reserve is well known for its black-maned lion, as well as its abundant resident wildlife and its one of the few places where it's possible to see the big five during a morning's game drive. Many of the cheetahs are so tame they seek shelter from the hot sun under one's vehicle and several even climb onto the roof to get a better view of prospective prey.

Day 10: Morning game drive in Mara and afternoon transfer to Nairobi arriving at about 5 pm. Lunch en route. Check in to hotel.

Day 11: Fly home.
